## Policy :

Christian Community Health Services, DBA Crossroad Health Center (CHC) will serve all patients without regard to the ability to pay. Eligibility for the Sliding Fee Discount Program is based solely on income and household size.

## Purpose:

This program is designed to provide free or discounted care to those who have no means, or limited means, to pay for their in-scope services. In addition to quality healthcare, patients are entitled to financial counseling by someone who can understand and offer possible solutions for those who cannot pay in full. The Front Desk Staff's role is that of patient advocate, that is, one who works with the patient and/or guarantor to find reasonable payment alternatives.

CHC will offer a Sliding Fee Discount Program to all who are unable to pay for their services and who are eligible based on CHC policy. CHC will base program eligibility on income and household size only, and will not discriminate on the basis of age, gender, race, sexual orientation, creed, religion, disability, or national origin. The Federal Poverty Guidelines, <http://aspe.hhs.gov/poverty>, are used in creating and annually updating the sliding fee schedule (SFS) to determine eligibility.

## Procedure:

The following guidelines are to be followed in providing the Sliding Fee Discount Program.

1. Notification: CHC will notify patients of the Sliding Fee Discount Program by:
  - Notification of the Sliding Fee Discount Program will be offered to each patient upon admission.
  - An explanation of our Sliding Fee Discount Program and our application form are available on CHC's website.
  - CHC places notification of Sliding Fee Discount Program in the clinic waiting area. Notifications will be effective and appropriate for the language and literacy level of the patient population.
2. All patients seeking healthcare services at CHC are assured that they will be served regardless of ability to pay. No one is refused service because of lack of financial means to pay.
3. Request for discount: Requests for discounted services may be made by patients, household members, social services staff or others who are aware of existing financial hardship. Information and forms can be obtained from the Front Desk.

4. **Administration:** The Sliding Fee Discount Program procedure will be administered through the Practice Manager or his/her designee. Information about the Sliding Fee Discount Program policy and procedure will be provided and assistance offered for completion of the application. Dignity and confidentiality will be respected for all who seek and/or are provided charitable services.
5. **Alternative payment sources:** If a patient has alternative payment resources such as third-party payments from insurance(s), Federal and State programs, they must be exhausted prior to being put on the Sliding Fee Discount Program. Patients who have alternative payment sources but who are eligible for the Sliding Fee Discount Program may apply for the patient-responsibility (net charge after alternative payment sources payments) portion of their charges after their alternative payment source has paid.
6. **Completion of Application:** The patient/responsible party must complete the Sliding Fee Discount Program application in its entirety. By signing the Sliding Fee Discount Program application, persons authorize CHC access in confirming income as disclosed on the application form. Providing false information on a Sliding Fee Discount Program application will result in all Sliding Fee Discount Program discounts being revoked and the full balance of the account(s) restored and payable immediately.

If an application is unable to be processed due to the need for additional information, the applicant has one month from the date of notification to supply the necessary information without having the date on their application adjusted. If a patient does not provide the requested information within the two week time period, their application will be re-dated to the date on which they supply the requested information.

7. **Eligibility:** Discounts will be based on income and household size only.
  - a. **Household:** CHC uses the definition of household defined at [HealthCare.gov](http://HealthCare.gov). Please see appendix 1 for definition.
  - b. **Income:** CHC uses the definition of income found in lines 1 – 7 of 2018 on IRS form 1040 (lines 7 – 22 on 2017 form on IRS 1040). Please see appendix 1 for definition.
8. **Income verification:** Applicants must provide verification found in Appendix A. Self-declaration of Income may only be used in special circumstances. Currently, self-declaration is only available to participants with special circumstances. Patients who are unable to provide written verification must provide a signed statement of income, and why (s)he is unable to provide independent verification. This statement will be presented to CHC's CFO or his/her designee for review and final determination as to the sliding fee percentage. Self-declared patients will be responsible for 100% of their charges until management determines the appropriate category.
9. **Discounts:** Those with incomes at or below 100% of poverty will receive a full 100% discount and pay a nominal fee of \$15. Those with incomes above 100% of poverty, but at

## **Crossroad Health Center Fiscal Manual Sliding Fee Discount Program**

or below 200% of poverty, will be charged a percentage of charges according to the attached sliding fee schedule. The sliding fee schedule will be updated annually using the latest federal poverty guidelines, <http://aspe.hhs.gov/poverty>.

- 10. Nominal Fee:** Patients receiving a full discount will be requested to pay a nominal charge of \$15 per visit. However, patients will not be denied services due to an inability to pay. The nominal fee is not a threshold for receiving care and thus, is not a minimum fee or co-payment.
- 11. Waiving of Charges:** In certain situations, patients may not be able to pay the nominal fee. Waiving of charges may only be used in special circumstances and must be approved by CHC's CFO, or their designee. Any waiving of charges should be documented in the patient's file along with an explanation (e.g., ability to pay, good will, health promotion event).
- 12. Applicant notification:** The Sliding Fee Discount Program determination will be provided to the applicant(s) in writing, and will include the percentage of Sliding Fee Discount Program write off, or, if applicable, the reason for denial. If the application is approved for less than a 100% discount or denied, the patient and/or responsible party must immediately establish payment arrangements with CHC. Sliding Fee Discount Program applications cover any balances incurred within 12 months after the approved date, unless their financial situation changes significantly. The applicant has the option to reapply after the 12 months have expired or anytime there has been a significant change in household income. When the applicant reapplies, the look back period will be the lesser of six months or the expiration of their last Sliding Fee Discount Program application.
- 13. Refusal to Pay:** If a patient who has a documented ability to pay verbally expresses an unwillingness to pay or vacates the premises without paying for services, the patient will be contacted in writing regarding their payment obligations. If the patient is not on the sliding fee schedule, a copy of the sliding fee discount program application will be sent with the notice. If the patient does not make effort to pay or fails to respond within one month, this constitutes refusal to pay. At this point in time, CHC will explore options including, but not limited to offering the patient a payment plan, waiving of charges, or refusing services.
- 14. Record keeping:** Information related to Sliding Fee Discount Program decisions will be maintained and preserved in the electronic medical record. CHC will preserve the dignity of those receiving free or discounted care.
- 15. Policy and procedure review:** Annually, the amount of Sliding Fee Discount Program provided will be reviewed by the CEO and/or CFO. The Sliding Fee Scale will be updated based on the current Federal Poverty Guidelines. Pertinent information comparing amount budgeted and actual community care provided shall serve as a guideline for future planning. CHC will also get patients' perspective regarding the Sliding Fee Discount Program to assure CHC that the nominal fee is not a barrier to care. This will serve as a discussion base for reviewing possible changes in our policy and procedures and for

examining institutional practices which may serve as barriers preventing eligible patients from having access to our community care provisions. Board approval for Sliding Fee Discount Program will be sought as an integral part of the annual budget.
