

Welcome to Crossroad!

Thank you for choosing Crossroad Health Center for your care.
We are honored that you have chosen us to be your medical home.

Our mission is to give honor to Jesus Christ by providing accessible, comprehensive health care in partnership with our patients and community leading to healthy, changed lives.

We are here to take care of you, our patient, regardless of your color, religion, immigration status, sexual orientation or gender identity.

Here is some important information for you about our practice:

We provide care for adults, children and pregnant women.

We provide not only preventive care (like physicals and immunizations), but also care for acute and chronic problems.

If there is something that requires specialty care, we will help you make an appointment with a specialist.

Our health care team is here to help you achieve your health goals.

Our team includes primary care providers, as well as behavioral health consultants, gynecologists, a clinical pharmacist, and a nurse educator.

There is a provider on call 24 hours a day, 365 days a year.

Call us any time for medical advice before you go to urgent care or the emergency room.

Just call the usual health center phone number and you will be connected with the provider on call.

If you are sick, call us!

We have same and next day appointments available.

We also have evening and Saturday hours.

When you need a refill on your medications, call your pharmacy first. They will send us an electronic request for your medication. Please allow 48 hours for medication refills.

If you are concerned that you will not be able to afford your visits or your medications, please call us! We have counselors who can help.

We are here to provide medical care regardless of your ability to pay.

We don't want you to ever miss your visits or your medications because of financial concerns.
